Sprint 4 total: 55 + (???)^2

- Vad vill vi leverera?
- Vad vill vi visa upp om en vecka?
 - Vi har tre datorer som kör programmet
 - Alla har varsin användare som tillhör datorn
 - Det finns några delivery requests upp
 - Folk kan testa att lägga upp sina egna delivery requests och se hur det fungerar.
- Hur når vi dit?
- Otydliga viktklasser.
 - Finns det ngn skillnad på cykel och gångare?
